TIDINGS

Well Louie, I did it. I
Know whether we'd
dee make "big Seniors"
or not, but works as thought
the big day has come. I Know
I shall miss Warner High and all
that goes with it. You are a wonderful
girl and a sweet friend. Always remember
same sweet self and I'm sure you
conquer all your goals.
Have fun this summer! Love ya
Janet

All the best. You're a fine girl.
Love
Beverly

P.S.

Dear Delores,
I have really enjoyed
being in English with
you. Just think of all
those wonderful grades
we got (ha!). Good thing
you weren't on the
other side of the room.
Good luck to you the
rest of your life. You
are a swell girl!
Love,
Laura Browne

Delores,
It has been lots of
fun being in English (?)
class with you. You are
a very wonderful girl and
I want to wish you
the best of luck and
happiness in the world!
Love ya,
Mary Ann Poore

Dear Delores,
I certainly have enjoyed being in your class this year. We've had loads of fun, haven't we? I want to wish you the best of luck for the future. Hope you won't have to work to hard in training next year. Be good.

Lots of love,
Ann Shirley

Delores Ann Cultman

Dear Delores,
Well, wasn't that chemistry exam a dilly-dally! We've just got one more exam and we'll be free as birds; (I hope) until Sept. anyway.
But one thing we can't we forget is all those good times in English and Government classes.
Be as sweet as you always are (Ha! Ha!..) and I'll love ya! (Ha!)
Got to go! Best wishes always.

Love ya,
Annette (Nut) Baskin

Dear Delores,
I have enjoyed being in English with you very much this year. You are a darling girl and I'm sure you will receive the very best life has to offer.

Love,
Julia

Delores,
I have enjoyed knowing you for these few short minutes. I hope that you make a kind, understanding nurse, and that you have the very best ~~that~~ life has to offer. Sincerly,
Jack Scruggs

Dear Delores,
Man, this has been a great year, hasn't it.
You sure are a cute girl. I wish you all the luck in life.
Billy
Love ya,
Susan

Dear Delores,
It sure has been great. You are just tops in every field. Best of luck always.

Love,
Gloria

Dear Delores,
You are a very cute + sweet girl. I really have had fun with you this year. I sincerely hope I will get to see you after graduation. I wish you all the luck in the world.

Love Loads!

Our Badge of Honor . . .

In the TIDINGS of 1956, we have attempted to present a replica of our school in word and picture. From the by-line of each snapshot to our own Alma Mater, we hope you will feel that this book was made for you. Each time you turn the pages of this annual, may you re-live your school days as recorded in the TIDINGS of 1956.

Dear Delores,

We have had some great times haven't we? Especially talking about the University of Ga. last year. You are a wonderful girl. Stay the same way you are now and I know you will succeed. Love,

Laboratory for Democracy

E Pluribus Unum—one out of many—the club of "Wheels"; the Student Council, composed of the president and vice-president of each homeroom, the editor of the school paper and chairmen of all student body committees, is the governing body of the school.

This group promotes campaigns which are designed to keep the school in good condition and programs which interest both the Student Body and Faculty.

The Student Council has sponsored many such programs this year, such as "College Day" and the annual "Open House" programs. These programs have proved their worth many times over.

The Student Body says, "Thank you" to an alert Student Council.

We are the Culprits—This is Our Case

Carolyn, David, Pritchett, Miriam, Smith, and Edwin—working hard??

As the staff becomes a part of the annual, the annual also grows to be something of the staff—Edwin stands behind every picture; Brenda and Peggy made good secretaries; David, Miriam, and Pritchett's nimble fingers fly doing a necessary job at the typewriter; Ann and Smith do more than handle money; Harold is never at a loss for an idea; Larry's smile often smooths the way; Carolyn and Bill are everywhere and everything.

And so this book comes to life, a book which is a bound version of a year's school life, bearing you tidings of 1956.

Delois,
I have enjoyed
your friendship

to wish you the best of luck

These are the boys who publish *The Yellow Jacket*, Boys' High newspaper, once a month or whenever they get the money and inclination to do so. *The Yellow Jacket* is the only high school newspaper of which copies are given to the students free, and it is practically the only high school paper with a gossip column. For this, the staff is unmercifully persecuted throughout the year.

The most sought after "chore" on the staff is going to Hanna and Junior High each month to sell the Y. J. Becoming a member of the elite society who have made this trip is the avowed purpose of each person on the staff. The business staff members must sell, sell, sell ads until he drops to get to go to Hanna High. The editorial staff members must write, write, and write. These two activities of the Y. J. are the main ones.

Hannasgals Buzz

The eternal deadline! Once a month *Hannasgals* staffs donate blood, sweat, headaches, and midnight oil to the cause— that of delivering the tattered but completed lay-out sheets and copy to the printers.

But all is not work in this organization; for instance, there are the trips to Boys' High and McCants' Junior High to sell papers, And oh those trips!

Through "snooping" around the office to dig up scoops and pestering Mr .Sandlin and Miss McCown for excuses, the *Hannasgals* staff managed to put out nine papers. Each one represented the news and the interesting personalities of Hanna High.

The *Hannasgals* played hostess to the State Scholastic Press Association Convention. After finding homes for four hundred delegates, everyone enjoyed the week-end round of meetings, workshops, and the banquet and dance.

THE BAND

Tops in Marching and in Concert

Future Composers???

The Anderson Band presented 27 public performances during the year which included school football games, 13 parades, concerts, and participation in the Clemson-Wake Forest, Clemson-Maryland and Lunch Bowl games. Included in the parades were Elberton and Hartwell, Georgia; Abbeville; and the National Cherry Blossom Parade in Washington, D. C., which included a very educational 4-day trip for the band.

Learning music and preparing public performances are not the only objectives of the band program. Students who train in a musical organization learn cooperation with others, discipline, mental and physical coordination, poise and confidence before others, and in short, a fuller, more cultural and richer life through music.

At the close of the year band members who qualified with enough points gained through musical activity outside regular classroom work received well-earned and cherished band awards.

GLEE CLUB

Number One on Our Hit Parade

The house lights dim, the curtain parts, the spotlight comes to focus, and the professional sound of 100 well trained voices awes its audience. Forty-five minutes later the curtain closes for the last time that night.

At this time if someone were to ask Mr. Earl Jarrett, the Glee Club director, how much preparation was necessary for the excellent program just presented, that someone would probably only receive one exasperated and hopeless glance which can only be translated one way: "It was a long, hard pull!"

The Mixed Chorus only performs twice during the school year, but each performance is backed by four months of ardent practice, i. e. "work."

What's wrong? You're out of step

Would you like to develop your personality and citizenship? These are only two of the numerous character traits which you can develop if you are a sincere member of the Allied Youth Club.

This organization trains young people to abstain from the use of alcoholic beverages by means of a program of factual education and alcohol-free recreation. The program is carried out through non-sectarian clubs in high schools and colleges and strives emphatically to devleop personality and to emphasize citizenship. Allied Youth is a non-profit organization supported primarily by individual gifts. "To seek

the truth concerning alcoholic beverages and the best way of life in relation to the problem" is the motto of this Youth Organization.

The Allied Youth Club has 187 members this year. The group holds several meetings throughout the year. Someone speaks at each of these meetings. These speakers try in every possible way to help youth to continue to grow as true "American Citizens."

Throughout the year the group sponsors socials and the annual popularity contest. The purpose of the contest is to determine the most popular girl and boy in the high schools. "A penny per vote" is the motto of this contest and the proceeds go to the general funds of the Allied Youth Club, which helps to send delegates to conventions.

The Allied Youth Organization of today is trying at all times to help youth to encourage others to make use of their common sense, which will help lead to the result of a happier and more prosperous tomorrow.

Hi-Y is a voluntary club for boys in the tenth, eleventh, and twelfth grades, sponsored by the Young Men's Christian Association. The meetings are held twice a month at the YMCA, at which time there is a business meeting or a recreation period.

The Hi-Y movement, which is international, emphasizes Christian principles. It is interdenominational in character and democratic in practice. The Hi-Y statement of purpose is "to create, maintain, and extend throughout the school, home, and community high standards of Christian character." The four goals of the Hi-Y program are clean speech, clean sportsmanship, clean scholarship, and clean living.

For in collaboration with the Hi-Y, the Tri-Hi-Y is sponsoring this canteen.

At present the 116 members are divided into three groups: Sophomore, Junior, and Senior Tri-Hi-Y's.

Sponsored by both the school and the "Y," the purpose of the Tri-Hi-Y is "to create, maintain, and extend in the home, school, and the community higher standards of Christian living."

In keeping with this purpose, the Tri-Hi-Y girls made themselves available to their community this January by selling "Blue Crutches" for the March of Dimes. Frozen feet, blue hands, and ever smiling faces were the order of the day.

Tri-Hi-Y meets twice a month at the "Y." The programs are planned on the basis of the requests from the members of the club.

Tri-Hi-Y Club has in the past lived up to its motto, "To create, maintain, and extend," and has every intention and ambition to continue doing so in the future.

Do you spill the salt? Do your cakes fall flat? Are the seams in your dresses crooked? If so, the odds are a thousand to one that you're not one of our Junior Homemakers. The purpose of the association is to help make the girls good homemakers and leaders in their schools and communities. However, these girls do not spend all their time working. They have lots of fun, too. Throughout the year they have joint socials with the Future Farmers, banquets for parents and friends, and take trips, such as the one to Columbia to the State Fair. These girls are training themselves to become good wives, cooks, and housekeepers.

Look them over, boys.

State J. H. A. Week Proclaimed

A noise, a scream, then—silence! No, not an explosion, it was just a new experiment. The Science Club meets twice each month under the direction of Mr. L. A. Kitching. The only requirement for membership is that the student be enrolled in a science course. This club strives to instill in each member a permanent desire to learn more about science and to make valuable contributions to society. Besides business meetings, there are many field trips to experimental laboratories and private business institutions in the area. Another noise, a scream, and silence . . . Somebody had better go see what's happened.

Solving national farm problems?

FUTURE FARMERS OF AMERICA

What is America's most important occupation? A score of boys in blue jackets have a ready answer. Farming—growing the nation's food. The F. F. A. is organized to develop competent aggressive agriculture leadership; to strengthen the confidence of farm boys and young men in themselves; to participate in worthy undertakings for the improvement of agriculture; to encourage improvement in scholarship.

The members of the club, who must be enrolled in a vocational agriculture class and have satisfactory and acceptable plans for a program of supervised farming, participate in nation-wide contests; sponsor dances; go to father and son banquets. Every member must be familiar with the purpose of the F. F. A. and the program of the local chapter.

Coach, how did you win your Block "A"?

The members of the Block "A" Club are those persons who have actively participated in a sport at their school. After much sweating, toiling, and practicing in baseball, basketball, football or track, an individual may be eligible to receive a Block "A." When the athlete can wear the prized possession with dignity and distinction, he may then join the Block "A" Club. Of course, he must first pass the initiation.

The main objective of the Block "A" Club is to teach leadership. The functions of this club are based on the members' cooperation with one another.

Work! Work! Work! That's what it takes to get in the Block "A" Club. Boys' High students become members by taking part in football, baseball, track, or basketball. Hanna High members have a much harder time becoming members. They must have played at least one year with the Hanna High Basketball team. Cheerleaders can be members, too.

After Block "A" Club members receive their Block "A's," they really "strut their stuff." Can't blame them; they earned it!

This Club has really done a great job in the promotion of sportsmanship and working as a team. The Block "A" Club is a club for true sportsters.

Reliable Sal lays one in.

LE CERCLE FRANCAIS

Comment Dit-ons En Francais: I Love You!

Formed to encourage further interest in the French culture and language, Le Cercle Français, composed of second-year French students, meets twice each month. At these gatherings, spoken French is stressed; and a fine is imposed upon any member who lapses into English. Films and records in French and speakers who have a knowledge of France and its people, as well as programs by the members themselves, acquaint the club members with both French civilization and current affairs. Each year, the club sponsors a summer reading project with prizes for those reading the most good books pertaining to France. Le Cercle Français operates under the belief that each member benefits from the opportunity to put classroom knowledge into informal practice.

LE CERCLE FRANCAIS

Everyone Speaks Two Languages

"Everyone has two countries—his own and France" were the words of Benjamin Franklin.

Carrying out this thought, Le Cercle Français, composed of second-year French students, encourages further interest in the French culture and language. At the gatherings, two each month, spoken French is stressed; and a fine is imposed upon any member who lapses into English. Films and records in French and speakers who have a knowledge of France and its people, as well as programs by the members themselves, acquaint the club members with both French civilization and current affairs. The purpose of the Bus Drivers' Club is to promote safety in the driving of our school buses and to teach the bus drivers their duties. To be a member of this club, a boy must have passed his state school bus drivers' examination and must be currently giving his services to a special route or section. This group of boys does a great job, carrying hundreds of students each year safely to and from school. These boys deserve the cooperation from all our students so that their jobs may be done quickly, efficiently, and safely.

Costumes, staging, make-up, and curtain time are the world of drama. You, a member of the Dramatics Club, love, work and struggle with these.

The first assembly program devotional gave you stage fright, but they became easier. In February you tried out for the senior play and—you had the leading role. The applause of the student body still rings in your ears.

Monthly meetings provide a chance for you to improve your speech and acting ability. You still laugh about those recordings of your Southern drawl.

By spring sophomores and juniors are preparing speeches for tryouts. The best ones will be next year's Hanna High Thespians.

THE ARTISTS' LEAGUE

Artists or Models?

Do you ever look around the halls of Hanna High School? Then you must have noticed the gay bulletin boards—a new one each week. Have you ever wondered then who does the time-consuming work necessary to these bulletin boards? The industrious Artists' League does.

The Artists' League was formed by interested students to do all the necessary art work at Hanna High. Anyone who is interested in art may become a member of the League. Before acceptance into the League, one must submit a drawing done by herself, but extraordinary talent is not a requirement for membership.

In addition to making the attractive bulletin boards, the Artists' League performs many other art-related services. It makes announcements of basketball games, helps with the scenery for chapel programs and for plays. Also, the League does private work for those persons who desire it for church or community affairs.

One of the biggest undertakings by the Artists' League this school year was the lovely Homecoming Game decorations which they, with help from Boys' High students, did.

Ghost Writers Show Their Faces

So you think you can't write! That's what we thought too until one day someone called us out of class to inform us of membership in the international honorary society of high school journalists.

Seniors who are in the upper third of their class scholastically and who have made outstanding contributions in some phase of high school journalism are eligible for membership. They must be recommended by the committee governing publications or the supervisor and approved by the executive secretary.

Quill and Scroll members are often called upon to do "ghost-writing" for the annual, or write a last-minute article for *Hannasgals*. Several members have had poems, sketches, and short stories published in the South Carolina High School Literary Yearbook.

BETA CLUB

"We Lead by Serving Others."

Gung Ho! Convention time is here again.
David, Will, Larry, Dan, Mr. McGregor.

The "B" is for "Brains"; the "E" for "Effort"; "T" for "Tact"; and most important, "A" is for "Aim." The Beta Club, established at Boys' High in 1924, has probably the highest "Aims" of all the clubs in the school. They are, as found in the creed, ". . . to promote the principles of honesty, justice, service, co-operation, responsibility, industry, humility, and charity . . . by serving others."

The Beta Club is now striving to raise even higher these very high standards.

Talks, conventions, and challenges have inspired the members of the Beta Club to work toward fulfilling their ambitions.

Making its debut in Anderson at Hanna High this year is the National Honor Society of Secondary Schools. Membership is strictly for the "A-Children" who also have the qualities of leadership, character, and service. To become a member of the society is a secret desire and goal of many sophomores upon entering high school. To have this ambition realized indicates an outstanding high school record.

At present the club is a senior organization. New members are chosen at the close of each school year from the rising senior class. Seniors with a 4.6 average are accepted at the end of each term.

The informal meetings are held in the teachers' lounge where members discuss business over their favorite "brain food"— cokes.

Organizing the new club are Miss Hood, *sponsor*; Jean Bouknight, *vice-president*; Patricia Patterson, *president*; La Verne Childs, *treasurer*; Lynn Walker, *secretary*.

Service is the keyword of the library clerk. From collecting rent on overdue books to publishing a monthly news sheet, "Bits on Books," this club performs many functions for the school. Its purpose is to create a wider interest in books and reading. In so doing, the members themselves become more familiar with maps, film strips, books, pamphlets, and phonograph records.

The activities of the Library Club include checking books in and out, arranging bulletin boards, processing books, writing overdue notices, and keeping the reading shelves neat and in order.

Their fingers are aching from typing, they choke on the dust from the bookshelves; these are the gallant Library Assistants. The Boys' High Library Assistants' Club is composed of those boys who are willing to work in the library. They have such varied duties as working at the circulation desk, shelving books, taking inventory, and typing.

The club's aim is to make the library a more useful and pleasant place for students and faculty. The club is a member of the Anderson-Oconee Library Association and the South Carolina Library Assistants Association.

Skilled Craftsmen—Men Who Produce

The T & I Club obtains its name from the division of Vocational Education, from which it draws its membership—Trades and Industries. The club was organized in 1950 and joined in the state organization program in 1952 and, therefore, adopted the State Club Constitution, whose main objectives are:

1. To develop good leadership and citizenship;
2. To foster the best possible spirit between student, parent, and school;
3. To encourage the undertaking of worthy projects for the benefit of the school and community;
4. To promote interest in the trade and industrial program among students;
5. To promote the dignity of good honest labor and seek increased efficiency in their chosen occupation through study and practice.

The members of the club cooperate with the local merchants in order to promote better trained leaders in the business world. Miss Mary McConnell, as advisor, gives the members of the club helpful hints on getting and holding office jobs—from how to dress to how to sit—and the girls exchange bits of their own experiences. Girls taking commercial subjects with an average of "B" are eligible for membership.

FUTURE TEACHERS ASSOCIATION

Newest Club at Hanna High

One of the few persons whose profession is a direct influence on the future is your teacher. This is both an opportunity and a responsibility.

This year Hannasgals have banded together to form the Future Teachers' Club. This newest of clubs is an organization established to promote the interest of young people in the teaching profession and to give them preliminary preparation for years of professional leadership.

It has been said that the whole future of education rests solely in the hands of today's young people.

Close your eyes; take a deep breath! And a pretty future nurse will check your pulse!

As yet that is the extent of the skill of the members of the Future Nurses Club, but under the guidance of their club sponsors, Mrs. Claud W. Perry and Mrs. Norris F. Hines, approximately thirty-five girls in this year's club are becoming more acquainted with their chosen profession. A relatively new club, the Future Nurses' Club has more than tripled its membership in its three short years of existence. Any girl interested in any phase of the nursing profession is eligible for membership. The club meets the third Monday of each month with meetings carried on in usual order and highlighted by a guest speaker—a nurse or doctor, usually—who tells the girls something of the medical profession.

The Boys' High Key Club and others throughout the land are the foundation and the real strength of our community.

The Key Club is not a fraternity or a secret organization. Its meetings are open to the public at all times. It brings all other school organizations in closer cooperation with each other through its service program.

The value this club can render the faculty, the student body, the school, and the community is unlimited.

The Key Club is first and last a service club. It must seek out and develop the activities that will be of the greatest value for the greatest number. Each school has its own needs, and the Key Club indicates its initiative by developing projects to take care of those needs.

The objects of the Key Club are to develop initiative and leadership, to provide experience in living and working together, to serve the school and community, to cooperate with the school principal, and to prepare for useful citizenship.

Fellows, this is the way to do it!

Half-Time Learners—Half-Time Earners

"Be courteous," says Mrs. Welborn to Virginia Sanders, Shirley Evans, and Billie Jo Darby.

The D. E. girls are those enviable lassies seen leaving school each day at twelve-fifteen. They are headed for their various jobs—office positions, selling, cashiering, etc.—where they put into practice the principles which they have learned as members of the Distributive Education Club.

The purposes of the D. E. Club are to develop leadership, to provide social and recreational activities, and to prepare girls to make an intelligent choice of occupations.

Hanna High's very active D. E. Club attends district, state, and national D. E. conventions, makes a trip to Atlanta each fall, and this year entered a float in the Christmas parade.

FOOTBALL

The Team That Bounced Back and Won

A torrid day in August found a determined crew of young hopefuls beginning preparation for the forthcoming battles of the gridiron. With a sparkling array of talent and two of the finest coaches in the South at the helm, Anderson could expect much. Anderson High had the best season since the 1950 State Champs.

The season opened with a big, rough Hartwell eleven at McCants Stadium. The Jackets dropped the game to Hartwell by a score of 7 to 6 in a hard fought contest. The magnificent Yellow Jackets, playing on their home grounds, came back strongly the following week by humiliating Georgia Industrial Institute 42 to 0. This was the Jackets' first win of the season. Again the next week on home ground the Jackets defeated Orangeburg in one of the best games of the season by a score of 18 to 13.

On the following week the scene of battle was Sirrine

Stadium, the stronghold of the mighty Red Raiders of Greenville. For sixty minutes the Jackets outfought the Greenville crew, but Lady Luck took a hand; and when the final whistle sounded, the scoreboard showed that Anderson was on the short end of a 26 to 12 score.

Our gallant warriors came back strong the next week against a spirited Rock Hill team. Mr. Patton's boys were again on familiar ground and had the situation under control all the way. The Bearcats were thoroughly drubbed, 25 to 7.

The Golden Tornado of Parker blew into town the next week. When it left, it was only a breeze, but had with it a 13 to 0 victory. Again the Jackets had played top-notch football, but the scoreboard was against them.

Then came homecoming and its elaborate festivities. The day was superb and so were the Jackets, who ran roughshod over Spartanburg High by a score of 21 to 6 in a very fine football game.

The Jackets then traveled to Easley and, without any trouble at all, gave the Green Wave a 34 to 0 beating. Gaffney was next on the road list and the jubilant Jackets put on a show that has seldom been equaled. It was probably the masterpiece of the season. The great Jacket line fought with unmatched fury and the backs hit savagely. The Jackets came from behind to whip the Gaffney Indians in the last two minutes of the game by a score of 20 to 14.

Again on the road, the Jackets met Columbia High's Red Caps in a very exciting and hard fought game. The Columbians were defeated by a score of 14 to 7.

Mr. Patton's Jackets returned home for their last encounter with a mighty Chester team who had been defeated only by powerful Greenwood. Chester defeated the Jackets by a score of 6 to 0 in a very close game.

The heroes were numerous; everyone was great in our book; the coaching was superb and the cheering was stupendous. Four boys received awards at the annual banquet. They were as follows: George Hyder as the most valuable player, Howard Craig won the Sportsmanship Award, Tom-

my Kelly was selected as the best blocker, and Joel Palmer as the most improved player. Tribute is due the coaches, Mr. Patton and Mr. Harper. Coaches like these are rare indeed, for they were not only coaches, but also pals of every man on the squad. We congratulate them along with each member of the team and the managers. May they always do as well in life as they've done on the gridiron this year.

Dribble, Drouble, Toil and Trouble

A shrill blast of the whistle and the two centers strain to reach and control the tap. Thus the game begins which sends into action the Boys' High quintet. Anderson got off to a slow start, but gained momentum rapidly. They played sensational ball thorughout the season in our opinion. Of course, they had some bad nights, but these were few, and when the going was tough, they came through with "flying colors." With Mr. Harper in his second year as mentor of the hardwood, the team developed a very flashy defense and offense.

They weren't always first in the state, nor were they undefeated. They were simply a group of young men who had succeeded once, and were trying again. They had their work, a schedule to meet, a reputation to uphold, and fans to please. In the eyes of cynics, pollsters, and opponents, they were sometimes good, sometimes slipping, sometimes lucky, and always a threat. They were our team. For us, they were great. That's what counts.

Since basketball is the only interscholastic sport in which Hanna High participates, all our athletes waited eagerly for the first practice. When the day arrived, many good players were present to try out for the team. There were only a few players back from last year. After a few weeks' practice, our able coach, "Major," chose the enthusiastic basketball team. Only a few games could be arranged this year because we are the only Double A school in this area which has a girls' basketball team. The team had tough competition but, with the strong support of the student body, won some important games. Inexperience was partly responsible for the loss of the first few.

As for the games we lost, we only say what the "Dodgers" said for so many years, "Wait 'til next year."

TRACK

Dash . . . Relay . . . Jump . . . Hurdles . . . Discus . . . Javelin

A windy, and still somewhat cold, day in late February found the 1956 track hopefuls in line for their warm-ups—warm-ups that would soon become a part of their everyday life. Coach Patton worked the kinks out of the prospects, and they soon become accustomed to the strenuous workouts. After several weeks of hard work, the season began. Even the previously inexperienced boys found themselves competing with the best.

Our Yellow Jackets of the cinder track came out well on the scoring end in their several intra-school contests. Track mentor, Bob Patton, was continuously made proud by the many accomplishments of his boys. We, the students, are also very proud of our track team's sportsmanlike conduct as well as their outstanding play.

"Come on, Babe!" "Come on, Boy!" "'At's the way to go, man!" . . . Yellow Jacket teammates urge each other on to that next base, or that record-breaking homerun, or that triple play, or even that hit, or even that stolen base. In their constant chatter and hustle the Yellow Jacket nine express in a small way the pep they have.

Our team, under the capable leadership of Coach Jack Miller, showed up very well in the now annual Piedmont Baseball League playoffs. During this whole season the boys played their best at all times. They were primarily a senior team, made up of a few juniors and spohomores. Our boys pulled many a game out of the fire by coming from behind to win at the last minute.

More important than wins or losses, our hustling baseball team always displayed the spirit of sportsmanship truly representative of a school that was presented with the State Sportsmanship Trophy of 1955-1956.

If the Dodgers can do it; so can we.

HANNA HIGH SPORTS

Training for the Olympics

Hannasgals in the gym don their play clothes and become athletes. Amid dust, bruises, and nearly broken heads, we become hockey experts. Uh-oh! Now we've got to stand on our broken heads. But the results are graceful and surprising. Just before the tumbling mats lose their enmity, we discover another piece of apparatus, the horse. It is as high as the sky, especially when you look from this angle. Shuffleboard is more fun. It takes much less energy, but it does require coordination. There is also an open season on ping-pong, a simple game—from the sidelines. But for the uninitiated, it consists of chasing a little while pill across the floor time after time.

Seriously, physical education at Hanna High teaches us new skills and develops our co-ordination, grace, and poise.

Two hands are better than one.

On the pages of the following section, we have utilized the symbols of our Badge of Honor, A. H. S. Here is a pictorial synopsis of your high school career, especially featuring Seniors in your crazy, but glorious dash down the stretch to the finish line — graduation. Here are the scenes in which you can re-live those most exciting, wonderful, and busy days of this year.

You will recognize your place in the panorama of "The Loveliest Night of the Year." Junior-Senior is surely something to be remembered. Also unforgettable are those tense hours before a test. Each time it was easier, because we were prepared.

So — here you are — at work and at play, during your greatest days. Turn the pages and see how you like yourself.

History was made on December 14, 1955, when the Greenville Touchdown Club presented the first South Carolina High School Sportsmanship Award to Anderson High students.

This coveted award is certainly proof that spectators must contribute their part to the sportsmanship rating of a school team, and that "playing the game" is much more important than the win and lose record.

It is obvious that our good conduct at sporting events did not come overnight. Now that we have won the Sportsmanship Trophy, it is the job of future student bodies to set our sportsmanship standards even higher and to strive harder than ever to uphold them.

The Anderson High School

Alma Mater

Rising midst the golden cornfields
Proudly to the view
Reaches our dear Alma Mater
Proudly to the blue.

For our love, dear Alma Mater,
Time can ne'er destroy.
We will ever sing thy praises,
Dear Old Anderson High.

Chorus:

Swell the chorus ever louder,
Full of cheer and joy;
Hail to thee, our Alma Mater,
Dear Old Anderson High.

Delores you are the sweetest girl I know in the world stay that way and you will make the best out of your future that life has to offer. You are the cutest girl I know anywhere. I have more fun dating you than anyone I have ever dated in my life. I hope that nothing will ever brake our ups because I love you with all my heart. My Mother and Father also like you and that is more than I can say for anyone else. Your Mother is the sweetest one I know anywhere you and her make me fill like I am at home when I come to see you. I hope that you pass your Chimestry exam tomorrow. When You kiss me I wish you and Your Husband the best of everything I hope that it is me. I Love You.

"I Love always you with all my heart."

Love Billy
Good night

Delores:
It has been a pleasure meeting you, and the next time I get back to Ky I'll look you up to find the time. Let me know when you're down my way. The best of luck to you in training.

O. V. Lexington Jr.
Windsor S.C.

Dear Delores,

Well, today begins practice for commencement. And then we'll be getting out of here. We hope. I sure have enjoyed being with you these years at Nanna High and I hope we can always be friends. You sure are one of the "greatest" and I'll never forget you. He's hoping we can get together this summer. maybe the beach. I know that you and Billy will be always be clickin, chicken. I better get outa here for now but I'll see ya later gator.

Love ya,
Mary

Dear Delores,

I think you are one more great gal. You sure have the ability to make friends, always keep it. Well, we are through we hope, but be sweet. I'll always love you.

Billy

Delores,
We have been buddies since the 8th and I hope the 12th grade won't be the end. You are one of the sweetest girls I know; stay that way. Lots of luck-
Faye

Dear Delores,
Delores, I have really enjoyed knowing you this year. You are one more great girl. Remember the good times, we've had together and our struggles in chemistry. Maybe we'll get to be together next year at the hospital. Don't ever change and you'll certainly succeed. I hope you hear from Georgia soon (I'm sure you will)! Love ya Lots,
Harriet

Dear Delores,
You are a wonderful girl, I have enjoyed knowing you while in high school. To your future, best wishes, Good luck!
Love,
Faye Herring

Dear Delores,
I've enjoyed knowing you in church and school and have found that you're a lot of fun and a very sweet girl. Please stay sweet and don't ever forget me - I won't you! May God be with you always.
Love, Nancy Smith

P. S.
Please excuse the handwriting(?)!

Dear Lavie, or should I say "Snow Queen"!

How in this World can I say in the little page how much your friendship has meant to me. I hesitate in remembering some of the times (but anyway) Belton (oh Belton, country boys) crazy football games. Then the parties, (oh I don't feel so well.!!) Staying up late, gossiping, Dates, more dates, where did all those boys come from?! Oh yes, Doodle's whom-!! Running around, laughing, being happy, dirty jokes. We've been through it!

Delois these are but a few of the wonderful experiences we've had. Yes we're gonna have some more.

Delois I want you to have the best things in life, I want more than anything for you to be happy always. Don't ever change that bubbling personality, winning smile and the way you make everybody feel good.

If you should ever wish or desire for anything, just ask God. If by some reason he should not come to you I will. May you have God's richest blessings and always remember I'm your friend and I love you very much. (I love your "Mr" too.) And so does Julius.

forever
Your Friend Lavie
